

缆绳 Dock Line

尼龙双编锚绳，带316不锈钢套环

Nylon Double Braid Anchor Rope with SS316 Thimble

目录页码 Catalogue page: 81

型号 Models: ND2101, ND2102, ND2103, ND2104, ND2105, ND2106, ND2107, ND2108

尼龙锚绳比起其他材质的锚绳可以承受更大的冲击荷载。这个特点使得此类锚绳比较广泛的用来系缆。高韧度，多股尼龙锚绳质地轻盈，热稳定性好，抗腐能力强，抗各种油污，海生物以及各种化学品。

Nylon twisted dock line can absorb sudden shock loads that would break rope of other fibers. This ability allows this product to be widely used in the marine industry for dock lines. Made from high-tenacity, multifilament nylon fiber which is light and heat stabilized, nylon rope is resistant to rot, oils, gasoline, grease, marine growth and most chemicals.
